Summary

Trustworthy Software Developer with extensive years of practical experience and dedicated work ethic. Self-motivated to consistently provide first-class results in line with tight schedules and high standards. Beyond technical proficiency, I'm driven by a passion for fostering teamwork and collaboration. I stand out for my exceptional communication and interpersonal skills. My commitment to excellence ensures that not only do I meet tight deadlines and high standards, but I also inspire those around me to reach new heights.

Eager to progress into Senior Developer or Project Leader roles, I bring a mix of technical prowess and leadership skills.

- VB.NET (Winforms), VB6, VBA
- HTML 5, CSS 3, Bootstrap, JavaScript
- SQL Server 2014, 2016, 2017, 2019 and 2022
- Teamcity, Octopus
- NUnit, XUnit, MSTest
- GitHub, GitLab
- Expertise in Agile Methodology
- Experience in Software Development Life Cycle
- Understanding Stakeholder Requirements
- Domain Driven Architecture
- Excellent Communication Skills
- Adaptable Team Player
- Analytical Problem Solver
- Results Driven Collaborator

Experience

.NET Developer

07/2022 to 06/2023

ICBC Standard Bank

City of London, ENG

Tech Stack: ASP.NET MVC, ASP.NET CORE, C#, SQL Server, BMC Control-M, TeamCity, Octopus, Git, GitHub, Git Extensions, Jira, Confluence, Sailpoint and Cherwell.

- Fixed and resolved critical bugs across various systems, achieving a 20% reduction in system downtime and enhancing overall system reliability.
- Delivered weekly project reports, resulting in a 15% boost in project visibility and timely decision-making.
- Automated manual tasks, saving 100 man-hours per month and reducing operational costs by 10%.

Senior Associate Developer

08/2021 to 04/2022

Kainos

City of London, ENG

Tech Stack: ASP.NET Core, ASP.NET MVC, WebAPI, HTML, CSS, Javascript.

- Teamed up to identify and resolve software bugs, achieving a 30% reduction in system errors.
- Created support documentation, reducing issue resolution time by 20% and boosting user satisfaction.
- Upskilled in above listed web technologies.

Associate Consultant / Mentor for Graduate Trainee Software Developers

04/2016 to 06/2021

Affinity Systems (British Airways Pensions client)

London, ENG

Tech Stack: .Net Framework (Winforms) C#, VB.NET, SQL Server, Crystal Reports, GitHub, Agile, NUnit.

- Created Management Authorization System, cutting processing time by 30%, eliminating paper processes.
- Automated monthly processes, increasing operational efficiency by 15% and saving 150 man-days annually.
- Engineered the business-critical Governance System which allowed smooth running of operations, visibility of breaches, and improved staff productivity by 30%.
